

SIENA[®] ADVANTAGE

UNIQUE 8-LINK STAINLESS STEEL CHAIN

Thicker and stronger for superior arm strength

HEAVY-DUTY INTERNAL SPRINGS

Positive arm and fabric tension for taut fabric skin

OPTIMAL PITCH ADJUSTMENT

Ensure perfect awning placement

The Italian-inspired Siena[®] Folding Arm Awning (FAA) family of products has a pedigree going back 20+ years and is the ideal performer in the harsh Australian environment.

- » Spans from 2m to 15m wide with projections up to 4m
- » Pitch options set at install from 0-90° from horizontal to vertical
- » User control pitch options from 0-45° on select models
- » Can be installed face, fascia, roof, eave or top fit

With front rail gutters standard on all models and aluminium extruded pelmet options available, the Siena[®] FAA family is the ultimate product offer for a premium look and result.

SUN & UV PROTECTION

GLARE BLOCKING

HEAVY WEIGHT

ADAPTABLE SHADE

AUTOMATE YOUR LIVING SPACE

Paired with the latest technology – whether a remote control hand set, your own mobile phone or voice activation via wireless hub technology, motorisation is the ultimate upgrade to your Siena[®] folding arm awning.

+ UPGRADE OPTIONS

EXTRUDED PELMET

Heavy-duty aluminium extruded pelmet. All-weather protection that looks great.

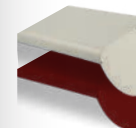

FRONT RAIL EXTENSION

Australian design versatility for enhanced shade and weather protection.

STABILISING POLES

For when you need extra protection. Peace-of-mind performance for extra heavy wide spans. Not recommended for motorised awnings with, or without sensors.

CUSTOM COLOUR

Use your imagination with any colour available. High performance coatings to last a lifetime.
